

TO: Chapter Educators, Chapter Directors

FROM: Bryan Simanic, PA District Educator

I now have available, to borrow, "THE MSF GUIDE TO GROUP RIDING"  
I received this program from the PA State MSP coordinator. The program is virtually the same as the GWRRA Road Captain Course. There is a handbook for the leader with a 15-question quiz/group discussion at the end and a 16-minute video. I feel the video adds greatly to the presentation. There is no completion pin or patch available, to the best of my knowledge, as this is a MSF program. There is no pass/fail score related to the program. It is just a good informative presentation.

If you are interested please let me know. I will ship out and you can either return to me or I'll advise to whom you should send the program to next. I have 4 copies to pass around.

If your Chapter feels they would like to have a copy of the program, it can be purchased from the MSP. There are two versions; one has the tape and handbook the other has the tape, leader's guide and 10 participant handbooks.
